FIREWORKS - Warm-ups

Tools practice: Completed the warm ups with the following files:

- ☐ Brush - 100 brush styles (brush.png)
- ☐ Shape - 10 different shapes, fills, and lines including gradients (shape.png)
- ☐ Shape Changes - use the white arrow to move and change (shape_change.png)
- ☐ Flatten and Blur - flatten layers of your shape file and use bitmap tools (blur.png)
- ☐ Pen - *shows CONTROL of the pen and LOOKS like something* (pen.png)
- ☐ Pen changes - use the pen/white arrow and make changes to your pen file (penchange.png)

_____ /30

Warm-up Freeform drawing:

- ☐ Strong effort was made to create an image using all the tools: pen, brush, shapes, smudging, and any other tool selections in Fireworks CS4
- ☐ **Finished work** looks like an artistic compilation of lines and shapes- not random scribbling - shows control over the tools!
- ☐ Both bitmap AND vector tools were used.
- ☐ Demonstrates understanding of the complications of vector tools, flattening, and fills.
- ☐ Save as freeform.png in your ART folder on the server
